Applications

- Stainless steel
- Special steel
- Alloys

Packing

1000 kg big bags on wooden pallet.

2000 kg big bags on wooden pallet.

Bulk delivery

Product description

Nickel Briquettes is a sintered pressured metal powder produced at Norilsk Nickel Harjavalta, Finland.

Due to cushion shape with dimensions 30 mm x 40 mm x 20 mm and bulk density 3.-4.5 t/m³ this form has no sharp edges. Is safe to handle, convenient for dosing.

NORILSK NICKEL HARJAVALTA BRIQUETTES production is in compliance with ISO 9001:2015, ISO 14001:2015, ISO 45001:2018.

One of the lowest carbon footprint in the industry.
